

TO THE PARTICIPANTS IN THE THIRD
NATIONAL CONFERENCE
OF THE RADIOLOGY ASSISTANTS

CONGRATULATORY ADDRESS

On this particularly exciting day, in which the Third National Conference of the Radiology Technicians is opened, do you mind if I conveyed the greetings and sincere wishes for beneficial work from the Governing Council of the Bulgarian Association of Health Care Professionals.

I would like to express our deep respect towards your responsible and irreplaceable dedication for the very best health of the human being, which requires so many skills, a high sense of responsibility and foremost – a matter of vocation.

We are proud with our radiology technicians participating in the numerous army of the health care professionals. With their everyday efforts they contribute the elevation of the prestige of our society.

I know that everybody occupied in this business meet a bad working conditions and poor incomes as other members working in our healthcare system, in the mean time I have a strong faith, no, I insist that we will prevail all difficulties and discrepancies, and you are going to keep working now and in here in the very heart of your motherland!

I shall assure you that our Governing Council of B.A.H.P.N will be withstanding your rights and our help will be just a question of asking for everybody in need!

Let's our common work be successful!

Milka Vasileva

President of B.A.H.P.N.
